TO Whom It May Concern,

Florin-Liviu Serban has been one of the tenants in my rented property since January 2017 to date. Whilst his company KN Group Ltd are the holders of the lease agreement Florin is one of their employees staying in the house.

The house has been kept clean and tidy at all times and anytime I called in Florin was both polite and courteous. The house was always maintained in a manner which I was satisfied with.

My neighbours in the small estate have always been complimentary of Florin as there was never excess noise or disrespectful behaviour in what is essentially a family estate. Indeed in the recent bad weather Florin was extremely proactive in helping to clear the snow from the estate which was well received by neighbours.

In short I would have no reservation in recommending Florin-Liviu Serban for any rental property in the future. Feel free to contact me at the below number/email if you would like any further information.

Regards
